JOB DESCRIPTION

1. JOB IDENTIFICATION

Job Title:	Staff Nurse (Band 5)
Responsible to:	Senior Charge Nurse
Department(s):	Orthopaedics
Directorate:	Surgical
Operating Division:	Lothian University Hospital Division
Job Reference:	L-GEN-NM-NS-SN
No of Job Holders:	

2. JOB PURPOSE

As part of a multidisciplinary team the post holder will have responsibility to ensure the delivery of high quality care to patients by the assessment of care needs, the development of programmes of care, the implementation and the evaluation of these programmes.

In the absence of the Deputy / Charge Nurse the post holder may be required to provide cover to ensure effective operation of the ward.

3. DIMENSIONS

The post holder will work within the Orthopaedic directorate based on the RIE site. The orthopaedic directorate comprises of 2 Trauma wards, 108 & 109, and 2 Elective wards, 209 & 220.

Both 108 & 109 are busy Trauma admission wards caring for patients who have suffered trauma and who may require surgical intervention. 209 & 220 comprises of 51 beds caring for elective patients undergoing routine and complex joint replacements. Enhanced Recovery after Surgery is a key component of the care we provide. Ward 120 currently provides a Rehabilitation service for Orthopaedic patients and in late 2020 will close to make way for our new Major Trauma service, which will go live in

March 2021.

The Royal Infirmary of Edinburgh has been designated one of the four Major Trauma Centres in Scotland, representing the South East Scotland region. The network will provide all aspects of trauma care, from the point of injury to rehabilitation in the region specialising in the acute management of surgical patients following traumatic and often life changing injuries.

The successful candidate will work alongside our MDT staff delivering interventions to patients with a wide range of trauma related injuries and needs and elective orthopaedic surgery. The ability to work as part of a team is essential. Applicants should also have an understanding of rehabilitation and discharge planning.

We are seeking to appoint passionate and highly motivated nurses to work within our dynamic service where you will have the opportunities to expand your nursing knowledge and skills, as part of an incredible, compassionate and capable team.

In the absence of the Charge Nurse the post holder has management responsibility for their designated area and the nursing staff within the clinical setting area.

The post holder will have junior staff reporting to them (registered nurses/non-registered nurses and learners), who will also require supervision.

The post holder is not responsible for managing the budget but needs to be aware of the resources available and the need to remain within the financial envelope.

Financial/Budgetary

Day-to-day responsibility for managing patients' funds held at ward level or the safekeeping of patients house keys kept in the community.

Ordering of supplies and supplementary staffing.

nursing care for patients.

5. To contribute to the arrangements for patient admissions and discharges so that patients are admitted according to the ward procedures and discharges are fully planned.
6. To implement and maintain, as part of the multidisciplinary team, policies, procedures, standards and protocols of the clinical area to ensure adherence to, and delivery of the highest level of patient care at all times.
7. To participate in audit systems to monitor the delivery and standards of care given to patients and their families.
8. To have an overall awareness of potential risks within the ward area assessing these at all times (including patient behaviours and working environment) to ensure the health and safety of patients, visitors and staff and compliance with related legislation and guidelines.
9. To have direct involvement in the provision of education and development of pre-registration, appropriate post-registration students and other members of the multidisciplinary team to ensure that appropriate learning opportunities are provided and students feel supported. To participate in the PDPR processes for junior members of the team.
10. To order supplies and supplementary staff ensuring that resources are used appropriately and efficiently at all times.
11. Ensure patients property and valuables that are received by the ward for safekeeping are secured and processed as division policy.
12. To maintain effective written and verbal communications with patients, relatives and other members of the multidisciplinary team to ensure patient needs are met and appropriate information is shared and documented.
13. To develop within the post by expanding knowledge and skills to ensure continuous professional development and the delivery of evidence-based practice.
14. To support NHS Lothian's values of quality, teamwork, care and compassion, dignity and respect, and openness, honesty and responsibility through the application of appropriate behaviours and attitudes.

7a. EQUIPMENT AND MACHINERY

The postholder will be expected to be responsible and knowledgeable in the safe use of all clinical and non clinical equipment used within the area ensuring this is checked and maintained and where problem are identified these resolved so that all equipment is fit for purpose.

Note: New equipment may be introduced as the organisation and technology develops, however training will be provided.

7b. SYSTEMS

The following are examples of systems which will be used when undertaking the role:

Patient information recording systems.

Risk assessments.

Supplies and equipment ordering systems.

Staff bank ordering system.

Note: New equipment may be introduced as the organisation and technology develops, however training will be provided.

8. ASSIGNMENT AND REVIEW OF WORK

Workload is determined by the needs of the service.

The post-holder will work without direct supervision and will delegate work to other members of the nursing team as necessary.

The post holder's work will be assigned by the line manager although the post holder will manage their own daily workload.

The post holder will be responsible to the Deputy / Charge Nurse for clinical guidance and professional management, work review and formal appraisal of performance.

9. DECISIONS AND JUDGEMENTS

The post holder is expected to clinically assess patients to establish any changes, inform other members of the multidisciplinary team as necessary and plan subsequent care.

The post holder is expected to anticipate problems in meeting patients' care needs and resolve them autonomously / within the nursing team or seek advice from a more senior nurse.

The post holder, once they have completed symptomatic relief training, makes clinical judgements about the administration of medicines covered by a symptomatic relief prescription.

In the absence of the Deputy / Charge Nurse allocates work and deployment of staff.

Participate in the appraisal process through Personal Development Planning and review in line with the Knowledge and Skills Framework.

10. MOST CHALLENGING/DIFFICULT PARTS OF THE JOB

Managing the demands of direct and indirect patient care within available resources.

Seeking local resolution to complaints from patients and relatives and advising on the formal complaint procedure if required.

In the absence of the Deputy / Charge Nurse providing leadership to ensure the effective operation of the area.

Managing patients who are displaying behavioural problems.

11. COMMUNICATIONS AND RELATIONSHIPS

Communicate verbally and in writing to members of the multidisciplinary team - members of Primary Health Care Team, Social Care; statutory and non-statutory services with the ability to express professional views within group settings and support client advocacy.

In addition to the above other contact falls into the following main categories in relation to healthcare, staffing and service issues:

The patient, their relatives and the multidisciplinary team involved in the provision of care.
Nursing staff regarding patient care, allocation of work, workload issues.

Other relevant departments within the division e.g. Facilities, Estates, Domestic Services.

12. PHYSICAL, MENTAL, EMOTIONAL AND ENVIRONMENTAL DEMANDS OF THE JOB

Examples may include:

Physical Skills:

Skills required to undertake clinical interventions e.g. administer intravenous injections and or intramuscular injections, syringe pumps and infusions, insertion of urinary catheters, wound management. (this list is not exhaustive and will vary depending on clinical area).

Physical Demands:

Patient movement with use of mechanical aides, manoeuvre patients.

Push trolleys, wheelchairs.

Stand/walking for the majority of shift.

Mental Demands:

Concentration required when checking documents including prescriptions; updating patient records; and dispensing, calculating doses and administering medication.

Frequent interruptions from patients / relatives / team members.

Concentration required when observing patient behaviours which may be unpredictable.

Emotional Demands:

Communicating with distressed / anxious / worried patients and relatives.

Communicating with and caring for patients who have reduced understanding and insight due to cognitive impairments.

Caring for patients and supporting relatives following receipt of bad news.

Caring for the terminally ill.

Supporting junior staff / colleagues in the work environment.

Working Conditions:

Exposure to body fluids, faeces, emptying bed pans/urinals, catheter bags (several times each shift).

Potential exposure to verbal and physical aggression from patients and relatives / other visitors.

Exposure to infections and temperature variations.

13. KNOWLEDGE, TRAINING AND EXPERIENCE REQUIRED TO DO THE JOB

Registered Nurse.
Team-working skills and the ability to work using own initiative.
Effective communication and time management skills.
