## NHS LOTHIAN PRIMARY AND COMMUNITY DIVISION

## JOB DESCRIPTION

## 1. JOB IDENTIFICATION

Job Title: Nursing Assistant

Responsible to: Ward Charge Nurse

Department(s): Ward 3, East Lothian Community Hospital

Directorate: General Medicine

Operating Division: East Lothian Heath and Social Care Partnership

Job Reference: P-GM-R03-NA1

No of Job Holders:

Last Update: July 2020

## 2. JOB PURPOSE

As part of a multidisciplinary team the post holder will carry out routine personal care for patients in support of and supervised by a registered nurse. Carries out assigned duties to maintain hygiene, order and safety within the ward environment.

## 3. DIMENSIONS

- Number of Beds 24
- The Ward 3 comprises of one unit with one nursing team.
- The Ward 3 is based in East Lothian Community Hospital and forms part of the General Medicine Directorate.
- Uses ward supplies cost-effectively.
- Provides care to patients with chronic/acute medical conditions.

#### P-GM-R03-NA1

## 5. ROLE OF DEPARTMENT

To provide nursing care, and support rehabilitation as an integral part of a multidisciplinary programme, to patients within the Ward 3 in East Lothian Community Hospital throughout the 24-hour period.

## 6. KEY RESULT AREAS

- 1. To carry out assigned tasks in delivering and supporting direct patient care, under the direction of a registered nurse to ensure delivery of high quality patient care.
- 2. To co-operate with and maintain good working relationships with other members of the multidisciplinary team who are attending to and treating patients so patient care is maximised.
- 3. To maintain good relationships and an empathic approach to patients, carers and relatives and refer them to a registered nurse for any questions, concerns or complaints they may have on the patients'

Nursing Assistant, Ward 3 ELCH

condition or care so they feel involved in the care process and queries are dealt with by an appropriate person.

- 4. To report any observed changes in the patients physical / psychological needs or condition and participate in the maintenance of accurate and up-to-date written and verbal communications to ensure patient needs are met and appropriate information is shared and documented.
- 5. To work within defined policies, procedures, standards and protocols of the ward, unit, directorate and division and contribute to audit systems to ensure delivery of the highest level of patient care at all times.
- 6. To adhere to ward procedures for ordering, maintaining and using supplies and equipment so equipment is safe to use and resources are used economically.
- 7. To assist registered nurses with the orientation / induction of clinical support workers and registered nurses unfamiliar with the ward to ensure the nursing team is able to deliver appropriate care to patients.
- 8. To participate in personal career development to maintain skills and develop personal growth through training and education.
- 9. To respect patients' privacy and maintain patient confidentiality at all times so patients are treated sensitively and personal information is restricted to the multidisciplinary team involved in the patients' care.
- 10. To occasionally accompany patients to other wards / departments / hospitals to ensure patients are safe whilst outwith the ward.

## 7a. EQUIPMENT AND MACHINERY

The nursing auxiliary is expected to have knowledge of equipment required to a carry out role however may not use all of them on a daily basis. Examples of equipment and machinery used:

Range of hoist and other manual handling equipment. Pressure reducing / relieving mattresses, static and electrical. Wheelchairs and specialist seating. Blood collection systems (if trained in venepuncture) Continence products. Weighing scales.

## 7b. SYSTEMS

Maintenance of patient records on a daily basis and according to ward procedures.
